YOUR PHOTOGRAPHER

Here's my resume as your photographer!

HEY, I'M ASH!

I'm the person behind Candid Chaser, capturing **weddings, elopements, Proposals and destination celebrations** through a blend of documentary storytelling and editorial artistry.

With **8+ years** behind the camera, I've learned that the most meaningful photographs aren't created by forcing moments. They happen naturally when you feel comfortable, present, and surrounded by the people who matter most. The laughter, the emotions, the thoughtful details, and the moments that make your day uniquely yours.

My approach is **calm, relaxed, and intentional**. I'm not here to turn your wedding into a photoshoot or create moments that don't feel like you. Think of me as a familiar face with a camera, someone who can guide when needed but also step back and let the day unfold naturally.

Whether you have **Pinterest boards** filled with inspiration and a clear vision, or you'd rather embrace the **unexpected moments** as they happen, I'll capture your story in a way that feels honest, effortless, and timeless.

By the time your wedding arrives, my hope is that I feel less like a vendor and more like a **friend with camera** you trust to document one of the biggest days of your life.

If you want real moments, not just posed photos, Ash is your person!

We're not the most confident couple in front of a camera, but Ash instantly understood our vision and made us feel completely at ease. Having him photograph our micro-wedding was such an honour. He captured every heartfelt, sentimental moment and transformed them into something truly beautiful and timeless. He truly lives up to the name "Candid Chaser," effortlessly finding those genuine, unscripted moments that we'll cherish forever. More than just a photographer, Ash felt like part of the family and blended into the day so naturally. We are incredibly grateful for the memories he's given us and couldn't recommend him more highly.

We couldn't have asked for a better photographer for our elopement! From the very first message, Ash was friendly, responsive and made everything feel effortless. On the day he instantly put us at ease. We felt completely comfortable and the photos reflect that with relaxed and genuine moments. He knew all the best spots and captured the day beautifully. Our photos were delivered quickly with sneak peaks to ensure we liked the editing style. We would highly recommend Ash for any occasion!

Could not recommend Ash more highly. We don't like posed shots and aren't super used to being in front of the camera, and Ash directed us with absolute ease. Even when we felt like we were doing a pose it turned out so naturally and captured the exact essence of our day: fun!! He was relaxed and made us feel completely comfortable adding the right level of direction to make our photos look 1000 times better than we ever could have imagined. If you're thinking about booking Ash, don't think - just book!!!

Your wedding experience should feel just as seamless as the day itself. From our first conversation to the delivery of your final gallery, every detail is carefully considered so you can feel confident, supported, and completely present.

This is what the journey looks like.

1. THE EXPERIENCE

From the moment you reach out to the day your gallery arrives, my goal is to make the **experience feel effortless**. You'll always know what comes next, have **space to ask questions**, and feel supported without the process ever feeling overwhelming.

2. CONNECT

Every wedding begins with a conversation.

Tell me about the two of you, your plans, or simply where you're at. Whether your celebration has been years in the making or you're only just starting to dream, I'd love to hear **your story**.

Once you've had a chance to explore the collections, we'll arrange a **relaxed consultation** to see if we're the right fit for one another.

3. MAKE IT OFFICIAL

When you've decided you'd like me to document your wedding, your date is secured with a **signed agreement and booking fee**.

From then on, I'm in your corner—not just as your photographer, but as someone invested in making the experience feel calm, enjoyable, and genuinely exciting.

4. PLANNING YOUR STORY

No two weddings are the same, and neither is the way I photograph them.

If you've created mood boards, pinned inspiration, and carefully considered **every detail**, I'm happy to collaborate and help bring your vision to life. If your approach is more intuitive and you simply want to **enjoy the day** as it unfolds, that's equally my style.

My work sits between **documentary and editorial** photography. I quietly observe the moments that happen naturally, while offering gentle guidance whenever it's needed so your photographs feel beautiful without ever feeling staged.

From the smallest details to the biggest celebrations, every part of your day is photographed with the same level of care.

Before the wedding, we'll chat through your timeline, priorities, family photographs, and everything you need to feel completely prepared.

5. THE WEDDING DAY

This is your day to be fully present.

Laugh loudly. Cry freely. Hold each other a little longer. Spend time with the people you've brought together.

I'll be there to **anticipate the moments** before they happen, document the emotions you might miss, and gently step in with direction only when it adds to the experience.. not interrupts it.

The result is a collection of photographs that feels honest, **timeless**, and unmistakably yours.

6. YOUR MEMORIES, DELIVERED

A carefully curated preview gallery will arrive within a few days, giving you beautiful moments to **relive** while everything is still fresh.

Your complete gallery follows soon after, thoughtfully edited and intentionally curated to tell the story of your wedding exactly as it unfolded.. full of **emotion, connection, beautiful details**, and all the moments in between.

Because long after the flowers have faded and the music has stopped, your photographs become the way you'll remember how it all felt. I can tailor the final look with my **signature editing style!**

7. GALLERY DELIVERY

Your photographs will be delivered through a private online file-sharing gallery link, making it easy to view, download, and share your images with family and friends.

Please download your gallery **within 7 days** of receiving it and save a **backup** copy to your own devices or cloud storage. While I take great care in delivering your images, I always recommend keeping multiple backups of your precious memories.

For couples who book **The Chaser Collection** or **The Storyteller Collection**, you'll also receive a **beautifully presented USB** containing your high-resolution JPEG images, in addition to your online gallery.
